All persons owning or intending to keep any animal of the dog or canine species should come forward on or before

JUNE TWENTY-FIFTH, 1908, and take out a license for the same from the Additor. After the 30th of June all persons owning or harboring dogs without the required license are subject to a fine as the laws on the subject required of \$3 or \$5.

Complaint has be frequently made that many persons fail to take out their license, and that other pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

Attention is also called to the fact that while the payment of a license tax is required by the laws of the city, whether a dog as kepton the premises of the owner at all times or not, yet the payment of such tax does not entitle the dog to the unrestricted use of the streets and alleys of the city, both day and night, for it is provided by law that. "The Mayor in addition at any and all times, in his discretion, by proclamation shall declare that all such dogs as above licensed shall be recurely mustled, and if any such dogs be found running at large during the continuance of such proclamation without the required muzzle they shall be seized by the police force, or other persons designated by the Mayor for such purposes," and conveyed to a suitable place and destroyed.

The following is a copy of Section 54 of the License Law: "On every dog, regardless of sex, one dollar and fifty cents."
